Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. Claims 1-63 are pending in this Office Action.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-63 are rejected under 35 U.S.C. 102(e) as being anticipated by Garcia (US 2003/0007612).

As per claim 1, Garcia teaches, “a method for evaluating compliance of at least one agent reading at least one script to at least one client”, the method comprising at least the following:

“conducting at least one voice interaction between the at least one agent and the at least one client, wherein the at least one agent follows the at least one script” (paragraphs 0012 and 0013);

“evaluating the at least one voice interaction with at least one automatic speech recognition component adapted to analyze the at least one voice interaction” (paragraph 0047); and

“determining whether the at least one agent has adequately followed the at least one script” (paragraph 0049).

Art Unit: 2626

As per claim 2, Garcia teaches, "wherein conducting at least one voice interaction includes conducting at least one voice interaction involving a telemarketing agent" (paragraph 0049).

As per claim 3, Garcia teaches, "wherein conducting at least one voice interaction includes conducting at least one voice interaction governed by at least one script that includes text corresponding to at least one offer of at least one of goods and services" (paragraph 0049).

As per claim 4, Garcia teaches, "wherein conducting at least one voice interaction includes conducting the at least one voice interaction at least in part on at least one communications network" (paragraph 0047).

As per claim 5, Garcia teaches, "wherein conducting at least one voice interaction includes conducting the at least one voice interaction at least in part on a publicly switched telephone network (PSTN)" (paragraph 0045).

As per claim 6, Garcia teaches, "wherein conducting at least one voice interaction includes conducting the at least one voice interaction at least in part on at least one Internet" (paragraph 0029).

As per claim 7, Garcia teaches, "wherein conducting at least one voice interaction includes conducting the at least one voice interaction at least in part on at least one communications network having at least one wireless component" (paragraph 0040).

As per claim 8, Garcia teaches, "wherein conducting at least one voice interaction includes conducting at least one telephone call " (paragraph 0040).

Art Unit: 2626

As per claim 9, Garcia teaches, "wherein conducting at least one voice interaction includes conducting at least one telephone call that is initiated by the at least one client" (paragraph 0043).

As per claim 10, Garcia teaches, "wherein conducting at least one voice interaction includes conducting at least one telephone call that is initiated by an entity other than the at least one client" (paragraph 0046).

As per claim 11, Garcia teaches, "wherein evaluating the at least one interaction includes at least the following: converting the at least one voice interaction into at least one digital signal comprising at least one spectral representation of the at least one voice interaction, comparing the at least one digital signal to at least one reference standard that includes at least one known vocabulary, and matching the at least one digital signal to at least one of words and phrases contained in the at least one reference standard" (paragraph 0022).

As per claim 12, Garcia teaches, "further comprising performing at least one action based upon at least one result of the evaluating of the at least one voice interaction" (paragraph 0047).

As per claim 13, Garcia teaches, "wherein performing at least one action includes transmitting at least one signal to the at least one agent" (paragraph 0048).

As per claim 14, Garcia teaches, "wherein performing at least one action includes transmitting at least one signal to at least one reviewing authority" (paragraph 0049).

As per claim 15, Garcia teaches, "wherein performing at least one action includes making at least one entry in at least one script compliance incentive system" (paragraph 0012).

As per claim 16, Garcia teaches, "further comprising reviewing at least one determination of whether the at least one agent has adequately followed the at least one script" (paragraph 0012).

As per claim 17, Garcia teaches, "wherein determining whether the at least one agent has adequately followed the at least one script includes defining at least one score assigned by the at least one automatic speech recognition component" (paragraphs 0012 and 0047).

As per claim 18, Garcia teaches, "wherein evaluating the at least one voice interaction includes evaluating a plurality of panels" (paragraph 0049).

As per claim 19, Garcia teaches, "further comprising assigning a respective score to each one of the panels" (paragraph 0049).

As per claim 20, Garcia teaches "further comprising comparing data representing an actual duration of at least one interaction, wherein the at least one agent reads at least one script to the at least one client, to data representing an expected duration parameter associated with the at least one interaction" (paragraph 0050).

As per claim 21, Garcia teaches "further comprising dispositioning at least one interaction, wherein the at least one agent reads at least one script to the at least one client, based at least in part on a comparison of data representing an actual duration of

the at least one interaction to data representing an expected duration parameter associated with the at least one interaction" (paragraph 0051).

As per claim 22, Garcia teaches "wherein determining whether the at least one agent has adequately followed the at least one script includes, at least in part, dispositioning at least one interaction, wherein the at least one agent reads at least one script to the at least one client, based at least in part on a comparison of data representing an actual duration of the at least one interaction to data representing an expected duration parameter associated with the at least one interaction" (paragraphs 0051 and 0052) .

As per claims 23-60, they are interpreted and thus rejected for the same reasons set forth in the rejection of claims 1-22.
